Professional background of the adjudicator

ARCANA(AB) will appoint a qualified construction adjudicator. All ARCANA(AB) adjudicators have at least ten years' experience in the construction sector and have completed the relevant RICS training. Sometimes, the details of a dispute may suggest that an adjudicator with a particular professional background would be helpful. This section should only be completed if extra skills are needed to understand the dispute. Avoid specifying the expertise too narrowly. ARCANA(AB) will consider any suggestions but is not bound by them when making an appointment.

If possible, please list the professional skills required (e.g. surveyor, lawyer, architect etc.): _____

Conflict of Interest

ARCANA(AB) will take reasonable steps to ensure that the appointed adjudicator is free from conflict of interest. It is therefore essential that you provide details of the parties involved (including any companies or related entities that a prospective adjudicator would need to consider in their conflict checks). Adjudicators are required to disclose involvement or potential conflicts of interest to ARCANA(AB) prior to appointment. ARCANA(AB) will never knowingly appoint an adjudicator who has a conflict of interest. If in your view there are any adjudicators who would have a conflict of interest regarding this matter, you should list them in the box below. Please also provide for such person, brief but clear reasons for this statement. Your attention is drawn to the legal principle that misrepresentations in this statement could invalidate the appointment process in its entirety, rendering any decision made unenforceable.

Name	Firm	Reason

Please note: Whilst ARCANA(AB) will give careful consideration to any representations, it will reach its own decision as to who is appointed. Notwithstanding any such statements, ARCANA(AB) always retains an unfettered discretion to appoint any adjudicator it regards as suitable.
